Our Mission:

To help our clients remain independent and enhance their quality of life by delivering nutritious meals.

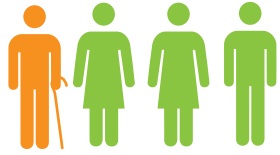

Providing a nutritious meal for seniors does more than just satisfy hunger; it can make a profound difference in their overall well-being. Additionally, implementing regular safety checks can help ensure that they are safe and healthy at home.

One in every six seniors is currently experiencing food insecurity, highlighting the urgent need for affordable and accessible nutrition services that can effectively support their health and promote independence. Ensuring that no senior goes hungry or feels forgotten is our primary mission.

Over the past year, we have increased our delivery services by 5,415 meals. Our service area spans six counties in Northwestern Ohio and Southeastern Michigan.

By the year 2030, it is projected that one in every six individuals will be 60 years of age or older.

1 IN 4 AMERICANS IS 60+ with 12,000 more turning 60 every day

Research shows that pet ownership offers vital social and emotional support for older adults, helping to reduce distress, alleviate loneliness, and enhance overall quality of life.

In 2024, Mobile Meals of Toledo delivered 400 lbs of cat and dog food each month to 50 clients, a significant increase from the previous bi-annual deliveries. You can make a difference for these beloved pets, who provide comfort and companionship to our clients.
